

All the files installed using the “INSTALL FILES” button are on the DVS/ISO image in the \FILES\DATA folder. You can use Windows Explorer or File Explorer to manually copy the folders as shown below to your PC. **The default location is your “My Documents” folder under C:\Users\[USERNAME]\DP Technology\ESPRIT\Data**

The screenshot shows a Windows File Explorer window titled 'Data'. The address bar shows the path '<< Files > Data'. The left sidebar shows the navigation pane with 'BD-ROM Drive (K:) E2016_Beg_Mill' selected. The main pane displays a list of folders: ESPRIT_Files, Post, Technology, Templates, and Tools. The status bar at the bottom indicates '5 items'.

In Windows/File Explorer you can browse the DVD/ISO and look in the FILES\DATA folder and copy these folders to your My Documents folder under

\My Documents\DP Technology\ESPRIT\Data

The list of folders will vary depending on which Tutorial you have. All files will be in the FILES\DATA folder on each DVD/ISO.
